

Udo Udo Williams

New Caney, TX 77357 | (936) 217-3546 | heziewilliams7@gmail.com

Education

Bristol Community College, Fall River, MA
Certificate Program in Cybersecurity

Graduated Summer 2024

Certifications

CompTIA Security (+) Plus
ISC2 Certified in Cybersecurity Certificate
Microsoft Security, Compliance and Identity Fundamentals Azure sc900
Qualys Vulnerability Management Detection and Response certificate

Projects

1. Projects: Implementing a SOC and Honeynet in Azure
Source: <https://github.com/UdoWilliams/AzureHoneynetSoc>

Platforms and Technology Used: Azure Virtual Machines, Microsoft Sentinel (SIEM), Log Analytics

Relevant Experience

Bristol Community College, *Cyber Security Analyst (Intern)*

Spring 2024

- Foundations of cryptology models, authentication, and infrastructure security
- Cyber Defense & Firewall Security
- Effects that firewall have on a LAN
- Firewall planning, installations, and set up on a network
- Networking Technology
- Basics of hardware fundamentals, such as routing and Ethernet links
- Cyber Security Principles

Work Experience

Kevin Mitch Group, Houston, Tx, *Cyber Security Support Analyst /GRC*

October 2023- Present

- Implement secure cloud configurations using Azure Private Link, Network Security Groups, Microsoft Defender for Cloud, and Azure Regulatory Compliance for NIST 800-53, resulting in a 90% reduction in security incidents over the same time interval
- Conducted vulnerability scans uncovering weaknesses in network infrastructure
- Develop KQL queries to support Log Analytics workspace and Microsoft Sentinel, resulting in a number of new SIEM dashboards and workbooks
- Developed and implemented strategic plans to respond to and mitigate security incidents

3 AA Group, Houston, Tx, *Technical Support/Cyber Security Analyst*

March 2019-October 2023

- Provided Customer service and technical support
- Diagnosed and resolved technical issues with software and hardware successfully
- Conducted regular system updates patches and maintenance achieving 95% system uptime
- Configured Azure firewall and intrusion detection/prevention maintaining a secure and resilient Azure environment
- Identity and Access management for RBAC ensuring security, compliance, and efficiency in managing user access across an organization's systems and resources

SKILLS

- Proficient in Microsoft Word, Excel
- Critical Thinking and Communication
- Project Management and Customer Service
